NOTE FOR: DD/OGI

Attention: [redacted] STAT

In our earlier conversation on the stockpile issue, I believe we agreed that the tasks of the two interagency groups in which we would be involved (International Material Supply and Political Reliability) needed to be recast in order to make the tasks both feasible and complementary. Attached is my first cut at such a redraft. Please give me your comments and suggestions ASAP so I can try to get OMB agreement and then move forward.
